

# Welcome To Camp!

Dear Parents,

Thank you for choosing Camp Concordia for your child's summer camp experience. It is our goal to help you in providing a solid Christian education experience through our summer ministry program. By using the fun and excitement of summer camp to share the Gospel, the Holy Spirit will enable your child to grow in faith.

This flyer is designed to help you and your child prepare for his/her stay at Camp Concordia. We are looking forward to seeing you and your child at camp this summer!

Peace & Power in Him,

Paul Golke  
Camp Director

### Keeping In Touch

Give your child pre-addressed stamped envelopes or postcards to write home. Slip a note in their suitcase so there will be a personalized touch of home right away. Assure them that you know they are having a good time and express enthusiasm for the camp activities. Attitude is everything!

In your letters, share news from home, but be careful not to go into too much detail about things they are missing. It is probably best not to mention how much everyone misses them. Calling home usually intensifies feelings of homesickness, therefore we discourage camper use of phones. We will let you know immediately if there is a concern or problem.

Mail arrives in the afternoon. Mail sent a day or 2 before the last day of camp and for mini-camps will not get here in time. Mail can be addressed to your child at the main camp address.

If you would like to e-mail your camper, **please put their full name and counselor's name in the subject**. Processing the e-mail can be a time consuming venture, but we regard it as a valuable service to our campers and their loved ones. Please do not abuse it by sending and/or forwarding frivolous messages to campers. Campers will not have access to a computer to respond during their stay at camp. Camper e-mails should be sent to: [campers@campconcordia.net](mailto:campers@campconcordia.net)
